

Progressive Pattern Cutting 1

Course Overview

This course is for adults aged 19+. Are you looking to develop your industry skills and knowledge in Pattern Cutting and garment manufacture? This seven-week course gives you the opportunity to use a wide range of industrial equipment to develop your skills, draft a pattern and produce a garment using professional techniques.

 Intended as a part-time hobby course you may feel inspired towards a new career path or other part time courses we offer at the college.

What you will learn

As part of the course you will be introduced to a range of industrial equipment, pattern cutting techniques and pattern development associated with the garment construction.

 You will have the opportunity to select and work on a garment of your own choice or design, utilising basic pattern blocks for dresses, trousers, skirts and tops covering woven and knitted fabrics.

 Additionally, health and safety in the workshop will also be covered.

Entry Requirements

An interest in industry or amateur garment construction, sampling or pattern cutting.
