Leicester College

Rail Engineering Programme For Employment level 2

Course Overview

This Rail Engineering Programme is designed for anyone who wishes to work as a Railway Engineer.

/> To complete your Rail Engineering (Operative) level 2, you'll need to build a portfolio of evidence to prove

your competence as an engineer. This may involve things such as risk assessments, briefings, work completion

reports, and a safe system of work plans.

'> The Rail Engineering (Operative) level 2, is a great qualification

to have and is comparable in academic level to GCSEs. It's a significant piece of work, but with the support of

our experienced tutors, it makes the qualification easily obtainable for aspiring Railway Engineers.

'> Our qualification is accredited by ETA.

'> Must be prepared to work outside in all weathers.

'>

To enrol

onto this course you must be aged 19 years or older on 31st August. See the entry requirements section for full

details.

'> If you are 16-19 years old these activities will be timetabled as will work experience and

placement. You can also choose to take part in other activities.

'> For other age groups, activities will be

tailored to your needs.

What you will learn

The course is split between 40% practical and 60% theory elements.

Fyour Rail Engineering level 2 will cover a number of units that come together to build your full qualification. Examples include:

Freparing to undertake duties in the rail industry

Fy 1. Carrying out routine inspection of the permanent way infrastructure

Fy 3. Assisting in preparing resources for permanent way activities

Fy 4. Monitoring the performance and condition of permanent way assets

Fy 5. Restoring plain line track geometry to operational condition

Fy 6. Implementing and monitoring safe working systems for permanent way activities as a protection master

Fy 7. Reinstating the work site after permanent way engineering activities

Fy 8. Undertaking routine manual maintenance of the permanent way

Fy 6 in addition to your level 2 qualification, you will also be given the opportunity to gain qualifications in Health Safety in Construction, First Aid and the green CSCS card. Those who are successful in achieving their level 2 qualifications will have the opportunity to progress to Safety Critical Training (PTS), which is essential for those who wish to work within 2 meters of the rail track.
